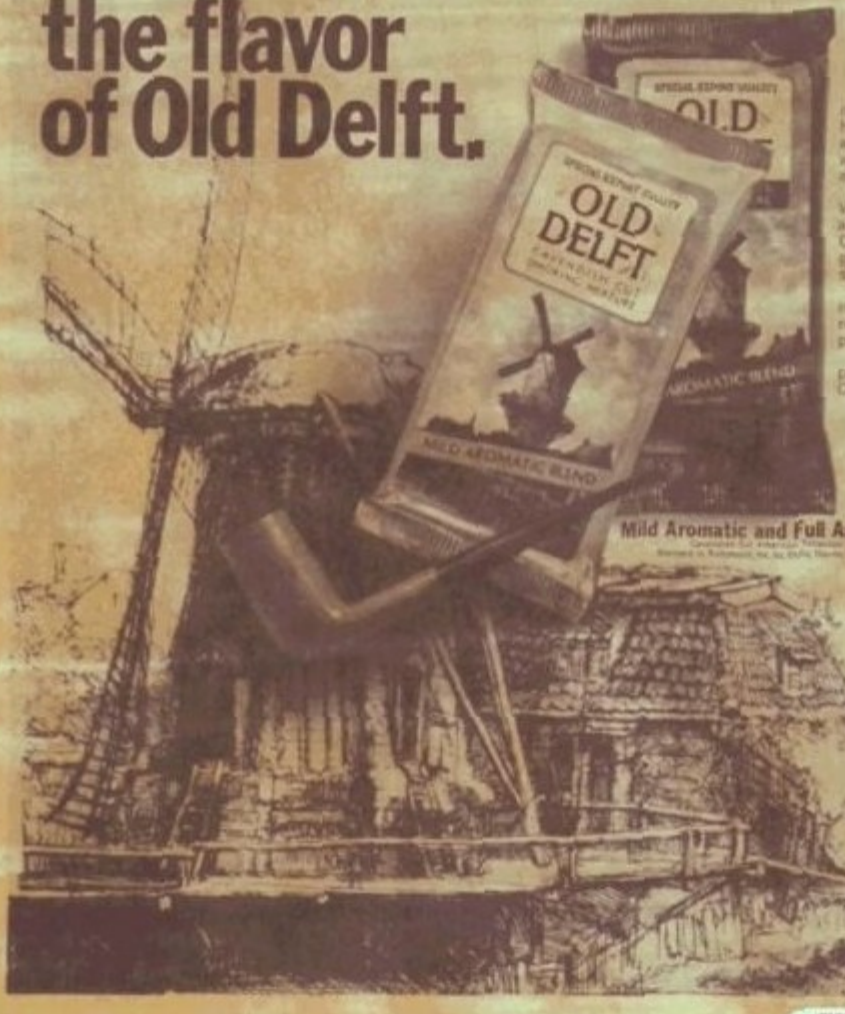
Milwaukee now has the flavor of Old Delft.



This new pipe tobacco is inspired by 17th century Holland's Golden Age, when the Dutch taught the world about the flavor of art and living.

Blended in Richmond, Virginia, Old Delft is an aromatic blend of fine, Cavendish cut tobaccos, and gives a cool, even burning smoke.

The tobacco is wrapped in elegant gold foil, which reseals as your own personal pouch.

Welcommen to real pipe smoking pleasure in Old Delft.
